OBJECTIVE

I am a motivated and detail-oriented graduate with a Bachelor of Science in Information Technology, specializing in UI/UX and Graphic design. Passionate about creating intuitive and user-friendly digital experiences, I have hands-on experience in designing impactful interfaces and collaborating with cross-functional teams. My aspiration is to contribute to innovative projects that merge creativity and functionality, while continuously expanding my skills and knowledge in the tech industry. I am eager to apply my expertise and dedication to solving user challenges and making meaningful contributions to the field of technology and design.
